PROGRAM & PROJECT EXPERIENCE

Project Coordinator, Jetlink Solutions Ltd, Vancouver, BC — May 2025 – Dec 2025

- Supported the PMO by managing team calendars, coordinating meetings, and maintaining distribution and access lists for technical stakeholders.
- Performed requirements elicitation to translate business needs into technical specifications for senior leadership.
- Identified and escalated technical issues and blockers to the project team, proposing solutions and anticipating senior leadership needs.
- Built a Power BI performance tracking dashboard that helped management cut system costs by 25%.

Project Coordinator, BRP Powersports Export, Vancouver, BC — May 2024 – May 2025

- Managed end-to-end supply chain documentation for international equipment exports, tracking delivery timelines and compliance.
- Coordinated external vendors and logistics partners, reconciling shipping costs and tracking project travel and transportation expenses.
- Delivered recreational vehicles on time to over 10 clients.

Event Manager, Medusa Events, Vancouver, BC — Aug 2023 – Present

- Plan and deliver 12 community events per year with a team of 8, managing ticket sales, bar revenue, and employee salaries.
- Coordinate logistics and vendor relationships across four venues to scale the brand.
- Built a website ticketing solution that eliminated third-party ticketing fees.

Sales and Growth Specialist, Repatt AI, Vancouver, BC — March 2026 – April 2026

- Managed the lead lifecycle and prospect data in Jira to track conversion metrics for an AI SaaS platform.
- Implemented automation through Power Automate to streamline internal communication processes.
- Wrote Python scripts to extract Google Maps data into Excel for customer lead generation.

TECHNICAL PROJECTS

StormHacks 2026, Full Stack Developer

- Built a GPU sharing platform from scratch with web and desktop apps, Solana wallet authentication, and payouts on Devnet.

Beedie Business Analytics Hackathon, Team Member

- Cleaned dense datasets and presented data models in Tableau.

ADDITIONAL EXPERIENCE

Staff Accountant, Crowe Mackay, Surrey, BC — Jan 2024 – May 2024

- Provided audit services to private companies across industries under IFRS and ASPE, supporting the review engagement of the firm’s largest property management client.
- Completed 50 T1 and T2 tax returns and 10 company reviews using certified tax software and Caseware.

External Relations Coordinator, Esports Association, Burnaby, BC — Sep 2023 – July 2024

- Organized esports competitions and secured sponsorships with Drunkdeer and Redbull for a university gaming lounge.
